

Cadence Consultants, Incorporated (CCI) is a small minority-owned business offering analytic tradecraft best practices, targeting and operationalizing intelligence optimization, specialized procurement, and operational and technical tradecraft. In addition, CCI provides management consulting services—project management (Agile), program management, portfolio management, change management and process improvement – within the intelligence and technology fields.

Established in 2016, the company has since expanded its portfolio to offer assessments and solutions for cloud migration security measures. CCI's experience in assessing vulnerabilities has helped companies successfully integrate to the right IT environment. CCI provides comprehensive strategies that add long lasting value and solutions to stay ahead of innovation.
